50th Anniversary Scientific Meeting

February 2 – 4, 2012

Bascom Palmer Eye Institute

Sponsored by the University of Miami Miller School of Medicine
Bascom Palmer Eye Institute is honored to invite you to join us as we celebrate our 50th Anniversary with a world-class scientific meeting. To commemorate 50 Years of Excellence in Clinical Care, Vision Research and Education, we have combined three of our popular programs: “Glaucoma Mid-Winter Symposium”, “Cataract and Refractive Surgery Congress”, and “Angiogenesis, Exudation and Degeneration” into one superlative CME program. Taught by members of our esteemed globally-recognized faculty, alumni, and invited guest speakers, this impressive array of ophthalmic and vision-science courses will significantly enhance your professional expertise, development, and innovation. We encourage you to benefit from this unique and exceptional learning opportunity!
Dear colleagues:

As Bascom Palmer prepares to celebrate its 50th anniversary in 2012, we have gone above and beyond to create a unique and exceptionally comprehensive scientific meeting from which each of us can benefit greatly. With more than 100 of the top leaders in ophthalmology speaking at the meeting, it promises to be a prominent educational highlight in each of our careers.

Having an opportunity to reconnect with old friends and colleagues from across the country, and to establish new contacts and professional relationships with many of the most accomplished members of our field, undoubtedly makes this offering one of a kind. We look forward to welcoming you to Miami and to sharing a most productive, memorable, and enjoyable event.

Eduardo C. Alfonso, MD
Professor and Chairman
Department of Ophthalmology
Bascom Palmer Eye Institute
University of Miami Miller School of Medicine
BASCOM PALMER EYE INSTITUTE
50th Anniversary Scientific Meeting

COURSE DESCRIPTION
Bascom Palmer Eye Institute’s 50th Anniversary Scientific Meeting is designed for practicing ophthalmologists engaged in the diagnosis and treatment of eye diseases. During this program, ophthalmology experts from the Bascom Palmer Eye Institute, as well as renowned ophthalmologists from around the world, will discuss research and the most advanced medical and surgical treatment options for ophthalmic conditions including cataracts, corneal and external diseases, glaucoma, retinal diseases, neuro-ophthalmic diseases, and pediatric ophthalmic diseases, as well as new trends in refractive surgery and oculoplastics. Expert faculty will present the latest developments in the management of ocular conditions through a combination of didactic presentations and interactive panel discussion sessions.

COURSE DESCRIPTION
Upon completion of this program, participants should be able to:

• Recognize symptoms, perform better examinations, and formulate the best management plan for complex glaucoma cases
• Analyze examples of high quality and cost-efficient ophthalmic tests and select best diagnostic tools in the management of glaucoma
• Identify different interventional techniques in the treatment of glaucoma and analyze in detail their indications and complications
• Use specific clinical knowledge to facilitate a more effective and efficient practice of glaucoma
• Interpret results of corneal topography for refractive surgery screening
• Treat refractive surgery patients based on topography findings
• Identify different IOLs for the treatment of cataract and refractive error, and analyze their indications and complications
COURSE DESCRIPTION Continued

• Recognize, diagnose and manage neuro-ophthalmic emergencies and complex cases
• Enhance patient care by better understanding of timing of screening and emerging treatments for retinopathy of prematurity
• Manage patients with amblyopia through the preferred dosing regimens
• Evaluate new concepts and management techniques in the treatment of orbital diseases
• Compare different surgical and therapeutic options in oculoplastic and orbital surgery
• Diagnose and manage patients with orbital problems and more effectively initiate treatment plans
• Evaluate new treatment options and manage complications of oculofacial aesthetic surgery
• Analyze the latest advances in the diagnosis and management of age-related macular degeneration (AMD)
• Debate best practices for management of diabetic retinopathy and venous occlusive disease
• Evaluate electrophysiology, OCT, fluorescein angiography, and other aids to diagnose and treat macular diseases including hereditary dystrophies and degenerations
• Contrast diagnostic features and treatment options in pediatric retinal diseases
• Formulate options for management of ocular tumors including choroidal melanoma, retinoblastoma, and lymphoma
• Diagram new treatment options for patients with advanced uveitis and retinitis
• Compare latest vitreoretinal surgical techniques for posterior segment diseases
7:30 am Registration and Continental Breakfast
8:00 Best of Grand Rounds
   Moderator: Steven J. Gedde, MD

CATARACT I
   Moderator: William W. Culbertson, MD
9:00 Ethics of Premium IOL Surgery
   Charles M. Zacks, MD
9:10 Post-op Inflammation
   David A. Goldman, MD
9:20 Laser Cataract Surgery
   Juan F. Batlle, MD
9:30 Restoring Accommodation: Status and Future
   Jean-Marie A. Parel, PhD
9:40 Patient Screening for Multifocal IOLs
   Kendall E. Donaldson, MD, MS
9:50 Antibiotic Prophylaxis for Cataract Surgery
   Terrence P. O’Brien, MD

GLAUCOMA I
10:00 Surgical Management of Patients with Corneal and Glaucoma Problems, or How Do I Manage Patients with Glaucoma after Descemets Stripping Endothelial Keratoplasty (DSEK), Penetrating Keratoplasty (PKP), and Keratoprosthesis?
   Moderators: Michael R. Banitt, MD, MPH and Francisco E. Fantes, MD
   Panel: Peter T. Chang, MD; Alana L. Grajewski, MD; Michele C. Lim, MD; and Victor L. Perez, MD
10:30 The Meaning of Clinical Trials in Glaucoma or What Does All of this Mean for Patient Care?
   Moderators: Paul F. Palmberg, MD, PhD; and Martha M. Wright, MD
   Panel: Karen M. Joos, MD, PhD; Anna K. Junk, MD; Carolyn D. Quinn, MD; and Arthur L. Schwartz, MD

11:00 Refreshment Break

CORNEA I
   Moderator: Thomas J. Liesegang, MD
11:30 Penetrating Keratoplasty
   Richard K. Forster, MD
11:40 Surgery with Amniotic Membrane
   Scheffer C. G. Tseng, MD, PhD
11:50  Ocular Surface Tumors
  Carol L. Karp, MD

12:00 pm  Limbal Transplantation
  Victor L. Perez, MD

12:10  Infectious Keratitis in Brazil
  Ana L. Hofling-Lima, MD, MBA

12:20  Molecular Therapy for Corneal Stromal Dystrophy
  Andrew J. W. Huang, MD, MPH

12:30  Lunch

OCULOPLASTICS I
Contemporary Trends in Common Oculoplastic Procedures
Moderator: Chrisfouad R. Alabiad, MD

1:30  Ptosis Correction: My Experience
  Myron Tanenbaum, MD, PA

1:37  Lateral Canthal Tendon Disinsertion: Clinical Clues and Surgical Correction
  Andrea N. Kossler, MD

1:44  Techniques in Lacrimal Evaluation and Surgery
  Jennifer I. Hui, MD

1:51  Botulinum Toxin Injection for Epiphora
  Ted H. Wojno, MD

Clinical Controversies in Oculoplastic Surgery
Moderator: Jennifer I. Hui, MD

2:00  Enucleation Implants: Back to the Future
  Philip L. Custer, MD

2:07  Laser Assisted DCR and cDCR: Does New Technology Lead to Better Result?
  Michael T. Yen, MD

2:14  Enucleation vs. Evisceration for Treatment of Blind Painful Eyes
  Thomas E. Johnson, MD

2:21  The Use of Titanium T-Plate as Platform for Globe Alignment in Severe Paralytic Strabismus
  Chad C. Zatezalo, MD

RESEARCH
Moderators: Jean-Marie A. Parel, PhD and Vittorio Porciatti, DSc

2:30  Entering the Era of Treating Hereditary Retinal Degenerations
  Samuel G. Jacobson, MD, PhD

2:45  Cholesterol Deficiency and Retinal Degeneration: Insights from Experimental Studies
  Steven J. Friesler, PhD
Cytomegalovirus: A Blood-Borne Herpes Virus with Sight-Threatening Potential
Richard D. Dix, PhD

HSV-1 Acute Retinal Necrosis: Then and Now
Sally S. Atherton, PhD

NEURO-OPHTHALMOLOGY

3:30
Neuro-Ophthalmology Emergencies
Case Presentations and Panel Discussion
Moderator: Jonathan D. Trobe, MD
Panel: Joseph G. Chacko, MD; Robert B. Daroff, MD; Norman J. Schatz, MD; and Jonathan D. Trobe, MD

3:45
Practical Approaches to Unexplained Visual Loss
Case Presentations and Panel Discussion
Moderator: Byron L. Lam, MD
Panel: Matthew D. Kay, MD; Lanning B. Kline, MD; and Byron L. Lam, MD

4:00
Neuro-Ophthalmic Dilemmas
Case Presentations and Panel Discussion
Moderator: Joshua Pasol, MD
Panel: Thomas J. Carlow, MD; Joshua Pasol, MD; R. Michael Siatkowski, MD; James A. Sharpe, MD, FRCP; and Robert L. Tomsak, MD, PhD

4:15
Upcoming Novel Treatments in Neuro-Ophthalmology
Case Presentations and Panel Discussion
Moderators: John R. Guy, MD and Timothy J. McCulley, MD
Panel: John R. Guy, MD; Timothy J. McCulley, MD; and Robert C. Sergott, MD

GLAUCOMA II

4:30
Do We Really Understand When to Treat Which Patients at Risk for Angle Closure Glaucoma? or What Is the Value of Gonioscopy and Do We Still Need to Do It?
Moderators: Harry A. Quigley, MD and Elizabeth Hodapp, MD
Panel: Wallace L.M. Alward, MD; Krishna S. Kishor, MD; Sarah R. Wellik, MD; and Mark A. Werner, MD

5:00
Mechanisms of Disease: New Insight to “Glaucoma”? or How Has Our Understanding of “Glaucoma” in the Last 50 Years Made a Difference in Patient Care?
Moderators: Douglas R. Anderson, MD and Richard K. Lee, MD, PhD
Panel: Jeffrey L. Goldberg, MD, PhD; Douglas J. Rhee, MD; Kuldev Singh, MD, MPH; and Darrell Wu Dunn, MD, PhD

5:30

Thursday:
**Bascom Palmer Eye Institute**
900 NW 17th Street, Miami, FL 33136
(305) 326-6000

Friday and Saturday:
**Biltmore Hotel**
1200 Anastasia Avenue, Coral Gables, FL 33134
(305) 445-1926

HOTEL INFORMATION
Biltmore Hotel
1200 Anastasia Avenue, Coral Gables, FL 33134
Reservations: (800) 727-1926
Direct: (305) 445-1926
Email: reservations@biltmorehotel.com
Website: www.biltmorehotel.com
BILTMORE HOTEL
Reflecting the passion and vitality of one of America’s most exciting cities, Miami, Florida, the legendary Biltmore Hotel in Coral Gables has been a favorite of world leaders, celebrities, and sports stars since its opening in the 1920s. Offering much more than exceptional accommodations, the Biltmore Hotel showcases championship golf, cosmopolitan dining, a luxury spa and premier conference facilities, all while exceeding its refined guests’ expectations. It has remained Miami’s only four-star, four-diamond hotel for six consecutive years.

Graced with natural elegance and sophistication, the Biltmore Hotel offers a stunning location in the exclusive Coral Gables area, minutes from South Beach, downtown Miami, Coconut Grove, and the Coral Gables business district

HOTEL RESERVATIONS
For hotel information and reservations, please call the hotel directly at (800) 727-1926 or (305) 445-1926.

The special hotel rate for conference attendees is $339 per night for single or double plus tax. A daily special services fee of $20.00 will be added to guests’ accounts to provide for maid service gratuities, daily admission to the Biltmore Fitness Center, guest choice of daily newspaper, unlimited local calls, and long distance access (toll free, credit card, collect), in-room high speed internet, bellman gratuities for arrivals and departures, and automobile self-parking. The Biltmore Hotel will extend the special group rate for three days prior and three days after the main program dates, subject to availability. Check-in time is 3:00 pm; Check-out time is 12:000 noon.

We suggest you make your hotel reservations as soon as possible as the winter months are the height of South Florida’s tourist season. Bascom Palmer’s preferred room rate will be released after January 12, 2012. Reservations and deposits received after that time are subject to current rates and availability. Please contact the Biltmore Hotel for hotel cancellation policies. For additional information visit: www.biltmorehotel.com.
SHUTTLE SERVICE
Round-trip shuttle transportation will be available from the Biltmore Hotel to the Bascom Palmer Eye Institute on Thursday, February 2. A shuttle schedule will be provided with your registration confirmation.

CONFERENCE FEES
Registration rate is $595. Conference fees include course materials, continental breakfasts, lunches, refreshment breaks, and Friday evening cocktail reception.

CANCELLATION POLICY
Conference tuition, less $100 cancellation fee, is refundable if notice is received on or before January 2, 2012. Cancellations received on or after January 3, 2012 will not be refunded.

ACCREDITATION:
University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION:
The University of Miami Leonard M. Miller School of Medicine designates this live activity for a maximum of 20.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION:
All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

SERVICES FOR THE DISABLED
If special arrangements are required for an individual with a disability to attend this conference, please contact Karen Davila at (305) 326-6110 on or before January 15, 2012.

REGISTRATION
Space is limited. Please register early.
Social Events and Guest Programs

THURSDAY, FEBRUARY 2, 2012
5:30 pm – 7:00 pm

Welcome Reception
Retter Patio, Bascom Palmer Eye Institute

A reception to welcome Bascom Palmer Eye alumni, faculty and staff, and all scientific meeting attendees.

Round-trip shuttle transportation will be available from the Biltmore Hotel to the Bascom Palmer Eye Institute

FRIDAY, FEBRUARY 3, 2012
9:00 am – 4:30 pm

Spouse Tour
Coral Gables: The City Beautiful

An air-conditioned coach will depart The Biltmore Hotel at 9:00 a.m. as we begin our tour of Coral Gables. We will drive along Granada Boulevard and Old Cutler Road, two of the most scenic drives in Florida on our way to Fairchild Tropical Botanic Garden, a major cultural and visitor attraction.

Open in 1938 and named in honor of David Fairchild, one of the most famous plant explorers in history, this world-renown and unique garden has assembled an outstanding collection of tropical plants, palms, cycads, flowering trees and shrubs, vines and fruit trees. We will enjoy a docent-guided tram tour through the Garden’s 83 acres to see cultivated plants and critically endangered species, many of which were collected from the wild.

Following our visit to the Garden we will have a luncheon at the home of Dr. Donna Shalala, the President of the University of Miami. This striking 9,000-square-foot home on 41/2 acres sits on Old Cutler Road, overlooking Biscayne Bay.
Our next stop will be the Village of Merrick Park for some exciting shopping in the heart of Coral Gables. From Neiman-Marcus to Nordstrom, Burberry to Banana Republic and Gucci to Juicy, Merrick Park is a shopping destination like no other. For those not interested in shopping, the coach will return to the hotel following our luncheon. For the shoppers among us, the last coach will leave Merrick Park at 4:15 p.m. and return to the Biltmore Hotel at 4:30 p.m.

$95 per person includes transportation, all entrance fees and lunch.

Please register by calling Conway Bus Service at 1-800-336-8233 or email jon@conwaytoursflorida.com.

FRIDAY, FEBRUARY 3, 2012
5:30 pm – 6:30 pm

Cocktail Reception
Biltmore Hotel, Coral Gables

Complimentary for all scientific meeting attendees.

SATURDAY, FEBRUARY 4, 2012
9:00 am – 4:00 pm

Miami: Art, Design, and Dining Tour

Let us introduce you to South Florida’s vibrant art scene during today’s tour of the Miami Design District. You will depart the Biltmore Hotel at 9:00 a.m. and begin the day with a personalized tour of the Bernice Steinbaum Gallery, by its delightful, eponymous director. Steinbaum first opened her gallery in New York City in 1977. Considered a pioneer for showcasing women artists and artists of color, she remained in New York City for 23 years before moving her gallery to Miami in 2000. The gallery boasts representing many artists who have received prestigious awards from the esteemed MacArthur, Guggenheim and Annenberg Foundations, as well as the National Endowment of the Arts. The
The gallery is an impressive microcosm of today’s multicultural, visual environment.

Following the gallery tour, we will have lunch at **Sra. Martinez**, known as one of the best and most exciting restaurants in Miami. Owned by celebrity and James Beard Foundation award winning chef, Michelle Bernstein, we know you will enjoy the innovative cuisine.

Following our luncheon we will visit the **Margulies Collection at the Warehouse**, recognized as one of the major collections of contemporary art in the world. From titans of Modernism like Miro and Noguchi to trailblazers of the moment such as Ernesto Neto and Olafur Eliasson to young innovators just emerging onto the international art scene, many of the most important and intriguing artists of the 20th and 21st centuries are represented in the collection of Martin Z. Margulies. It spans significant movements in art from abstract expressionism through pop, minimalism, and conceptual art, to monumental sculpture and recent installation and video works—not to mention vintage and contemporary photography.

The tour concludes with free time in the Design District. You may explore some of the finest retailers in the world including Fendi, Y3, Marni, Christian Louboutin, Waterworks, Bulthrup and Holly Hunt; or relax in the delightful Enea garden. Designed by Swiss landscape designer Enzo Enea for Art Basel 2005, this charming, little park is his interpretation of a tropical rain forest.

Buses will depart at 3:00 pm to return to the Biltmore Hotel.

$95 per person includes transportation, all entrance fees, and lunch.

Please register by calling Conway Bus Service at 1-800-336-8233 or email jon@conwaytoursflorida.com.
